

INFORMAL COMMENT

DOCKET NUMBER: S159 1020

PATENTS

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of:)
 SCHUBERT W.) Art Unit: 1641
Serial No: 09/613,964) Examiner: PADMANABHAN K.
Filed: JULY 11, 2000)
For: A DEVICE FOR BINDING MOLECULES, MOLECULAR GROUPS, MOLECULAR
 PARTS, AND/OR CELLS

To Mr. Padmanabhan

Proposal

Dear Mr. Padmanabhan ... for you consideration after your suggestions:

Proposed Amendments to claims 26, 27 and 33 (all other claims remain as they were
after the prior Response

Claims 1-25 (Cancelled)

Claim 26 (Currently Amended). A device for delivering a liquid to a target structure,
wherein the device comprises:

- a) an object holder thermostat;
- b) an object holder, wherein said object holder is operably
in contact with an said object holder thermostat;
- bc) a stretchable sheet disposed between said object holder
and at least one rail;
- d) at least one strip disposed between said object holder and
said stretchable sheet; and
- ee) a duct, wherein said duct is defined by at least said
object holder, said strip and said stretchable sheet,
wherein said at least one rail is mounted on said stretchable
sheet thereby cooperating with at least the stretchable

INFORMAL COMMENT

sheet and the object holder to define the geometry of said duct, and wherein said duct has a liquid inlet and a liquid outlet.

Claim 27 (currently amended). The device of Claim 26, ~~wherein the device is operably connected to~~ further comprising a means for delivering a liquid to said duct, said means for delivering being selected from a plunger mechanism and a pump.

Claim 28 (Previously Submitted). The device of Claim 26, wherein said liquid outlet is operably connected to a discharge pump.

Claim 29 (Previously Submitted). The device of Claim 26, wherein said object holder thermostat comprises a Peltier element.

Claim 30 (Previously Submitted). The device of Claim 26, further comprising a vessel disposed to receive a liquid from said liquid outlet.

Claim 31 (Previously Submitted). The device of Claim 30, wherein said vessel is operably contacted with a vessel thermostat.

Claim 32 (Previously Submitted). The device of Claim 31, wherein said vessel thermostat comprises a Peltier element.

Claim 33 (Previously Submitted). The device of Claim 26, ~~further comprising where~~ said at least one strip comprises at least one stretchable strip disposed between said object holder and said stretchable sheet.

Claims 34 – 41 (Cancelled)

INFORMAL COMMENT

Mr. Padmanabhan ... you mentioned that you had new art which you believe rendered the prior claim 26 unpatentable ... We ask that, when you perform the Examiner's Amendment, you cite that art, making it of record, and indicating that the newly amended claims (as above) are allowable in spite of that new art. Please discuss this with me when you call about this informal comment. THANKS.
